To: Karina

CC: Harjeet

Dear Karina, dear Ms. Harjeet

I would love to kindly notify you that I respectfully request you to not submit any further applications on the Difc registry without sharing a draft copy of the subject document with me beforehand and allowing me to review it and potentially amend it then approve it via a written reply.

I admire your great expertise and dedication, but it is better to make sure small details are included in a proper method and submitted with clarity.

Thank you so much

Best regards

Salah Masri
