Dear Noora,

Kindly note that you can rely on previously sent SOA of Rojin's personal account (also attached again)

She is currently working with us in Hair Creators but she has her own ladies section with own clients and revenues and that's the source of her funds.

She is the holder of rent cheques and she is the one paying them and will continue to fund her her salon

Kindly please consider this email as final confirmation from our side and try your best to expedite the application

Dear Noora,

Kindly note that we have previously mentioned that we are not able to provide Hair Creators bank statements

The entity is already there. We are just changing the name and transferring the ownership
So why is there a repetitive request for Hair Creators SOA?**

Kindly find an alternative solution for that as we need to finalize the entity opening with the new name and this has been dragging for so long now

Hi Sojit

Regarding the quotation with **reference number Q15995V5** that you have sent to us upon clearly discussing it with Rojin please be informed that she didn't approve it.

Please see the below remarks per item description.

Item descriptions 1.1 this should be included in the main quotation as it's a small work that you have missed.

Item descriptions 1.2 this should be included in the main quotation as it's a small work that you have missed.

Item descriptions 1.3 work is totally understandable however it's a bit overpriced we need discount from it on a range of 1,000

Item descriptions 1.4 work is totally understandable however it's a bit overpriced we need discount from it on a range of 300aed

Item descriptions 1.5 no need for the glass. keep it as it is (5,700aed are you joking ?)

Item descriptions 1.6 this should be under Babak as he is the one who made the mistake and we are the one who give him solutions and we will not pay for the solutions that we provided for him. If you will not install it you can remove the whole display and as you know my product will not fit on it

Item descriptions 1.7 ;1.8;1.9 these are all small works and you want to charge us !!!

Item description 2.3 work permit renewal payment should be under the contractor and not from me

PS. The main quotation that you have proposed is already expensive and looking at the outcome I'm really not happy with it.

And it's really not good that even on small tasks you keep on charging us.

Please take a look and consider it.

Thank you.

Kind regards,
Angel
