Good morning Mr. Luli, how are you? um I don't know I was waiting for Marcela to answer me from long time she wasn't answering. So that's why I sent you the message to yourself. uh however Mr. Luli, let's just finish the story. uh my offer is very simple and is very easy. I will be ready to pay 300,000 dirham cash for you guys and become 5% shareholder only. I don't want any money from the salon, I can write contract that I will not touch the income of the salon it's 100% to you. you know what I mean, I don't need any money from the salon I don't need any salary. and also I am ready to pay salaries for three people from the team I'm ready to pay salaries up to 20,000 dirham every month. I only have one condition, one thing I want from you is in RAK Bank to stay the authorized signatory in the RAK Bank and you can be this the authorized signatory in any other bank you wish to open for the salon. That's my offer is very simple Mr. Luli. So if you like it, please let me know. if you're not happy uh it's really up to you. my plan was to make very, very, very strong marketing, bring client, I promise you the salon will be making 350,000 dirham every month minimum. and I know what I'm saying. So if you find that interesting, please let me know. If you don't, I simply can open I can open my own salon very time soon very soon and I can start there and the story is over. Good afternoon Mr. Luli, how are you? I'm sorry to send you so many messages today. As per this paper, the approval from DIFC came and now your wife, your good wife is the absolute 100% shareholder of the salon. which means she is the owner. The next step now my sister is working on is to change the general manager of the salon from my name to her name, which is a separate approval. I would suggest if you can kindly just wait until after tomorrow if you don't mind, whereas I can show you the contract. My lawyer is already working on the contract. I can show you the contract. If you approve the contract if we sign it and I pay the money, hopefully we can just amend a little bit of the details in the second step and then everything will be fine. I don't know let me know what you think if you can hold or wait for two more days please

Okay, just you send to me the contract let me read give one day .today to read it and let start it

20/05/2024

Good morning Mr Luli
9:37:01 AM GST

My target is to get the salon income back to 300K + from next month
9:42:38 AM GST

And the education income to be 15K + minimum from first month
9:43:03 AM GST

Of course, for sure Mr. Luli. the contract will be prepared today or tomorrow hopefully the lawyer will finish it. and everything is for your own good I promise you everything is for your own good there is nothing you should be worried about. And I will share it with you you can read it tell me what is your opinion about it and then we can start. Thank you so much Mr.

.Luli

Hello, good morning Mr. Luli, how are you? this is the first draft of the contract. uh there are some small mistakes in the language a little bit it's fine I think we can correct them. the contract is not bad but not exactly the way I want I don't know why lawyers are uh you know they don't always understand exactly the way you trying to say it. However you can take a look on it read it please and tell me what's your comment and what is in your mind. as we agreed the four essential things are number one I will pay 250,000 dirham, become 10% shareholder. number two I will start the education in the into the salon on my own cost to prepare for the academy, you know room and material and equipment. Three I will start the marketing for education and we will share 50/50 when it comes to the income of the education. Four I will not claim any money from the salon money. five I just have one requirement to stay the manager on the trade license so that I can manage the bank account which I will be requiring for the academy sales, whereas people or student will be paying money into the academy business. And since we have two bank account, I believe I can manage the RAK Bank account which will be used for the income of the education, and ADIB account is the income of the salon and this how it's gonna be easy for us to understand the income. Anyway please Mr. Luli read the contract and tell me what's your comments because from my side almost everything ready I really wanted to start the education soon

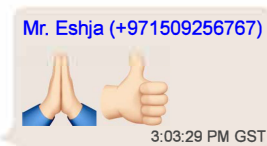

Salah, good afternoon. I see you today morning sent to me the information but I was busy. Let me check the contract and as soon as possible I will come back to you →

The marketing budget I set from my own money is 300,000 to be used in 3 months which will bring a lot of new clients

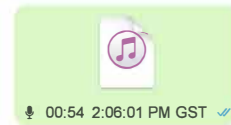

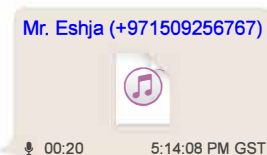

9:43:57 AM GST ✓

Hello Mr. Luli. no problem, take your time and please add your comment, add the terms you wanted to add for protecting yourself and your company and send it back to me I will be happy to do it that way. as soon as you ready please let me know so we can start, hopefully we will start strong again I have really nice ideas and I'm gonna invest money for marketing so hopefully the salon will be making money and will be busy again and everything should be better. Let's just finish the contract and we start strong. Thank you so much Mr. Luli

21/05/2024

I'm Mr. Salah hi good evening. thank you so much I really appreciate and the today I tell you when we can meet because also Ardanisa will come here we go to sit we go to make perfectly and the in the table face to face to solve everything. we are in the board like what to agree I give my words and the let's go ahead →

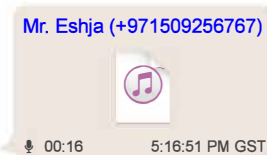

Good afternoon Mr. Luli, how are you? I just wanted to let you know, I started to take appointments with client from this Thursday. The day after tomorrow, I started to take appointments with few clients. Hopefully from Thursday onwards every day I will take appointments with the client. Also I uh made the agreement with the photographer and the models. So then we will start to do the videos for the marketing, also from Thursday onwards, and I will start to film those videos inside the salon. Hopefully we need to get back good clients. And I will do some advertisement now again, some promotion on Instagram so that we can start to get some more clients hopefully soon in the salon because I heard from the team it was quiet last month, it's not good. So I just wanted to let you know

Sure no problem, thank you so much 🙏

5:16:18 PM GST ✓

I speak with Ardanisa her go to tell to me between today tomorrow morning when her exactly is here like that we can sit in the table and the one time we can deal everything. And we can go ahead. But you go ahead with organization with everything →

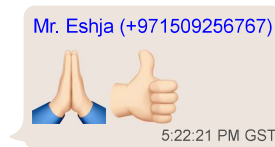

Okay I understand

5:18:35 PM GST ✓

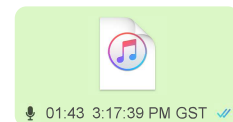

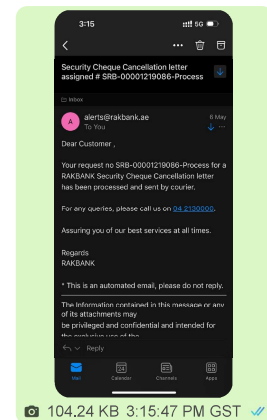

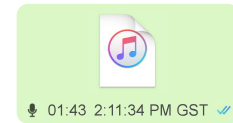

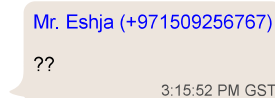

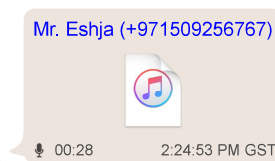

Yes okay for sure Mr. Luli, I understand your point uh I'm gonna start from this Thursday hopefully the first booking will be on this Thursday and uh I will start to make new videos so that we can use them for marketing and for advertisement. Hopefully within two weeks three weeks we will be this we will see the salon much more busy and more client coming in. I hope so. And thank you for everything

23/05/2024

24/05/2024

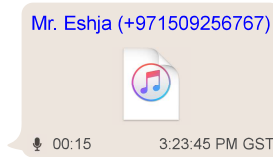

Good afternoon Mr. Luli, how are you? I'm sorry to disturb you, I know you are very busy person and I apologize for that. Marcela today was insisting on Abir to process the manager change on the trade license from my name to Mrs. klesta's name I think. Which means what I was trying to do with my plan with my proposal will not happen because as soon as my name has been changed from the trade license as a manager, not as an owner, only as a manager, it means I will have to break up the deal I had with the bank. So I don't mind we will do it today, we will do the transfer of the manager on the trade license. But again I just wanted to let you know that this will somehow cause my plan with the bank to be canceled. Which will make everything harder for me but it's fine, it's okay. For now I will do it. And Mrs. klesta told me today that Artinesia is gonna come soon to Dubai and we will all have a meeting together whereas we can sit and talk and discuss everything. It's okay, I still don't mind to do that. But it depends on the situation of the trade license by that time I can decide. No problem I told Abir today anyway to remove my name from the trade license and put your name. So hopefully everything will be fine and just wanted to let you know that. Thank you so much

Hi Salah good evening, how are you? I have confirmation with Ardanisa when her coming here. Her need exactly 10 days from tomorrow her coming have the ticket. and uh we agree for everything what we discuss, you go ahead work, don't uh don't stop nothing, her coming we sit, we sign you go inside the license and the we we going ahead with everything

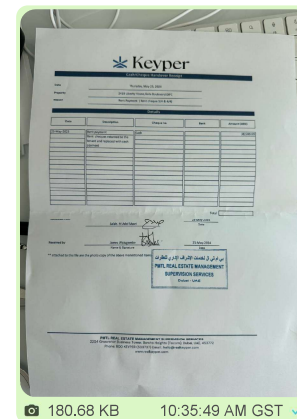

Hello Mr. Luli, how are you? I think your team were asking Abir regarding the RAK Bank loan. And this is the proof of what I've said I didn't share this with you because we were supposed to have a meeting and discuss all the details. The company loan which we had before you buy the salon, I shifted that from a company responsibility and I canceled the company cheque and I gave the bank a personal security cheque for that loan as you see in this picture. And here in the email as you see the security cheque of the company has been canceled, which means the loan has been transferred on my own personal responsibility. You know what I mean Because your team were asking Abir for a clarification about this. So this is the proof. Which means, no matter what happened, the company owe the bank nothing, which means only me I owe the bank to pay the loan. The loan remaining is about 600,000 dirham, which was part of what we wanted to discuss in my offer and the way I pay that on every month. And it was supposed to be a small part of the agreement. But until today we didn't sit and finalize the contract so it's taking longer than usual. I know you're busy, that's why. However, this is the clarification. And this afternoon once I get back to the house, I'm gonna send you a copy of the cancellation letter of the clearance letter from the bank. So maybe you can just instruct your team to understand the situation

Salah, don't worry, we are together.
Now Ardanisa coming we're sitting, we
are shifting you inside the license and
we go to deal together and I want her to
.be here and we will do it properly

Sure Mr. Luli, no problem, I'm
not stopping anything. I'm
gonna be in the salon in half an
hour for now. I can wait for 10
days until she come, that's not a
problem, and as I told you, from
tomorrow I'm gonna be starting
to do the filming and the the
marketing for the for the
services. Thank you so much for
.everything anyway

25/05/2024

Hi Salah, how are you? I am with somebody now with some client and I will answer to you tomorrow morning. Don't worry we go to solve whatever needed

10:37:13 AM GST

Good evening Mr. Luli, how are you? I have heard from two three clients of mine they told me that and also from the team in the salon that you guys have hired George as a manager for the salon. And that's what I heard, I'm not so sure but I heard it from many people that he is the manager now and he has a plan to change so many things in the salon. I also heard from some people of the team from team member that they are not happy they are planning to resign and leave the salon soon including Julia, she is not really happy and she wanted to leave because they are not giving her client or something like that. So I'm not so sure if this is means that we are still gonna do what we agreed on or not really because it's been almost two weeks since we met and you told me that Artinesia is gonna come, we gonna talk about it but nothing happen until today so I'm not too sure. I thought like to ask you in person before I see what to do
